Victory! Yeah!**

We the Class of 1989 Dedicate Our Yearbook to . . . Mr. Hart

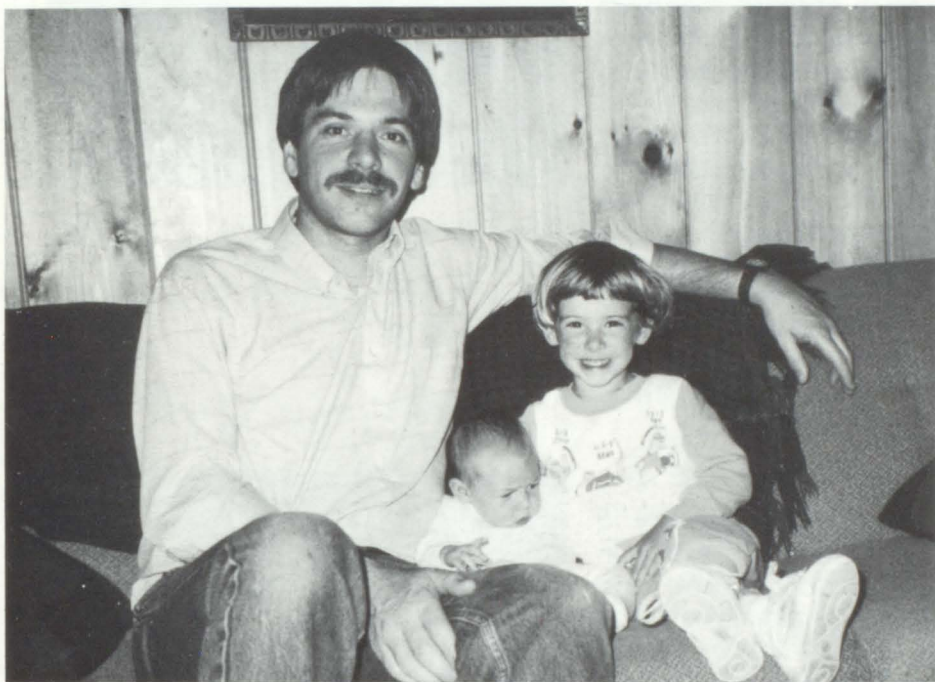

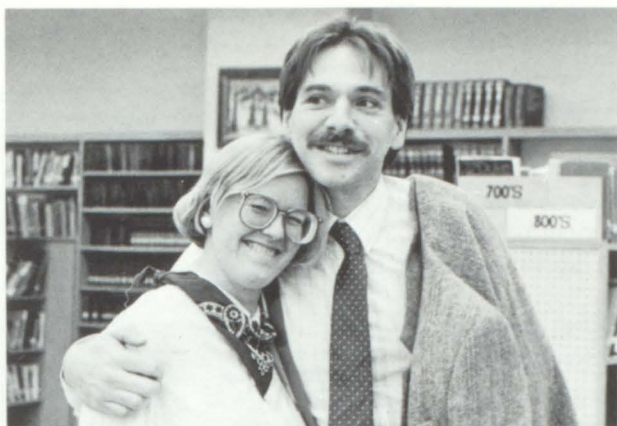

Don't Panic

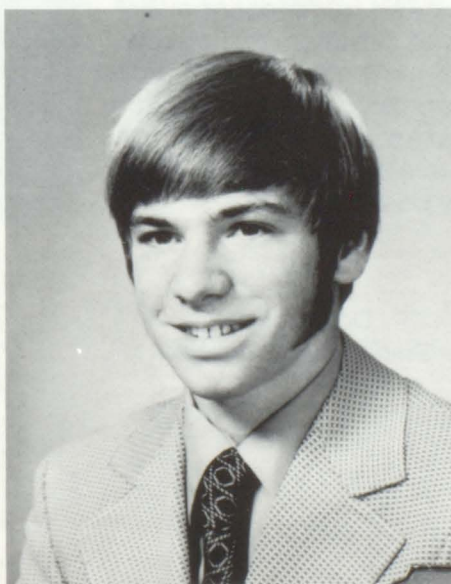

Let's Do It!

The Hart Smile

Dear Mr. Hart,

We dedicate this yearbook to you in honor of the time and effort you have spent helping us with problems in the past four years. You are always here when we need someone to talk to or to just listen. Thank you, Mr. Hart, for being so understanding.

— The senior class of
1989

Administration

Graduation is near. As you approach this milestone of your formal education, there will be moments of self-evaluation and reflection. The four years of high school will have added new experiences in your attempt to secure an education. It is logical to ask yourselves, "How well educated am I at this point?" One of the best ways I know to answer this is to paraphrase some questions from the great teacher Socrates.

Can you manage well the circumstances which you encounter day by day?

Are you honorable in your dealings with all persons, bearing easily what is unpleasant or offensive in others?

Do you hold your pleasures under control and bear up under misfortune? Can you

remain unspoiled by success, rejoicing no more in good things that come to you by chance, than those which, through their own nature and intelligence, have been yours since birth?

And finally, do you have a character that is beyond reproach?

You have probably noticed that each of these measures of education enhances our ability to live with others and with ourselves.

May the future provide for each of you every opportunity to further your education in the years ahead.

Dewaine B. Craig
Superintendent of Schools

The class of 1989 is a special group of students, who have given me many positive experiences the past four years. Many of you have provided so much to the school: to faculty, extracurricular activities, fellow students and especially to the guidance program, all have benefitted greatly from your energy, ideas, assistance and levels of participation. I really appreciate it.

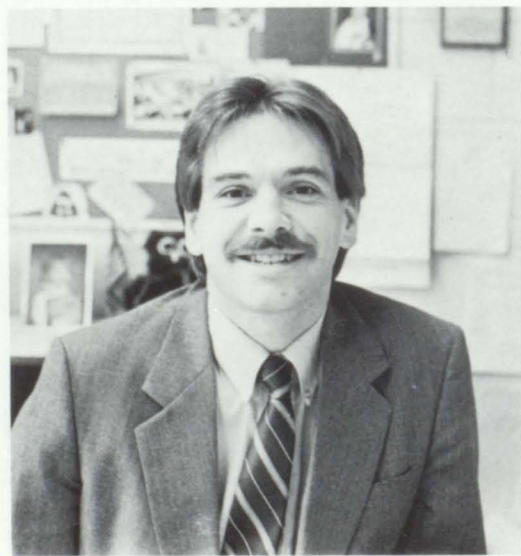

Many of you may have chosen to be less active in school, but more involved out of school. You, too, have helped our school system by providing a service to the community. Everyone benefits from your employment, be it on a volunteer, a part, or a fulltime basis. Your education was further provided outside the classroom.

Obviously, the class of 1989 has many individuals, who

came together frequently to work on academic, extracurricular, social, career, and personal challenges. May these experiences be an education for you, so to better cope with your life experiences ahead. Set many goals, short and long term, as you need to experience feelings of direction and accomplishment. Secondly, treat others as you would like to be treated. More importantly believe in yourself and do the very best you can.

Best,

Daniel Hart
Guidance Counselor

Administration

"Happy are those who dream dreams and are willing to pay the price to make them come true."

The last four years have provided you, the members of the class of 1989 with many opportunities to make plans and prepare for the future. You have had the chance to dream of what you want to do. Now it is graduation time, are you willing to pay the price to carry out your plans and make your dreams come true?

Yes, I think that many of you can carry out your plans and will make your dreams come true and I wish you every success in your efforts. To those of you who have not yet determined a course of action to follow, it is late but not impossible if you are willing to make a commitment and pay the price to make your dreams come true.

Best Wishes,

Theodore R. Davis
Principal

As you graduate from Telstar you will have demonstrated that you can set goals and achieve them. Use the knowledge you have gained from parents, community, teachers, and staff to choose direction and further your learning. Welcome the challenges because they allow you to grow. Life is not

always a patient teacher, so be quick to learn the lessons experience will bring. Whatever you decide to do make sure it is something that brings you personal satisfaction and fulfillment.

Best Wishes,

Carrol Higgins
Assistant Principal/
Athletic Director

W

e the class of 89' were very lucky to have five exchange students with us this year: Satiko, Mariko, Carlos, Gregor and Jordi.

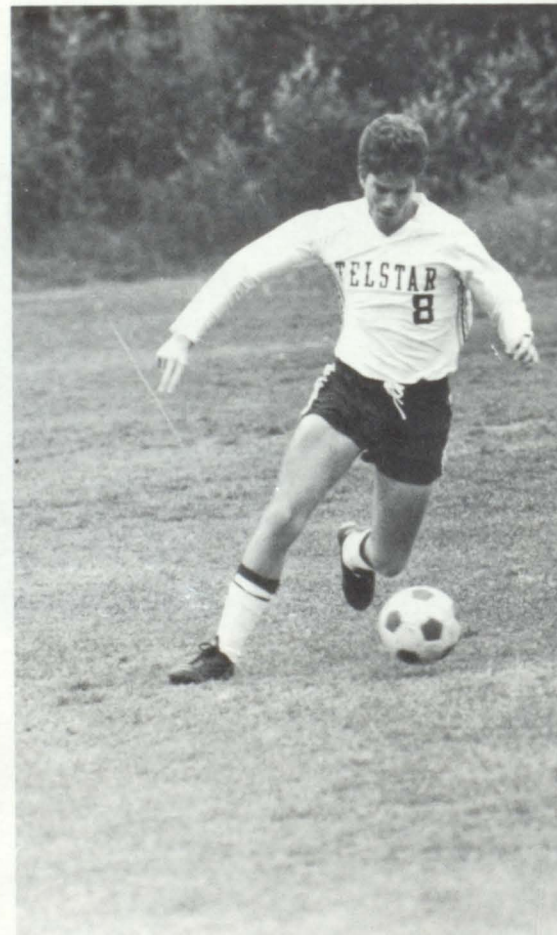

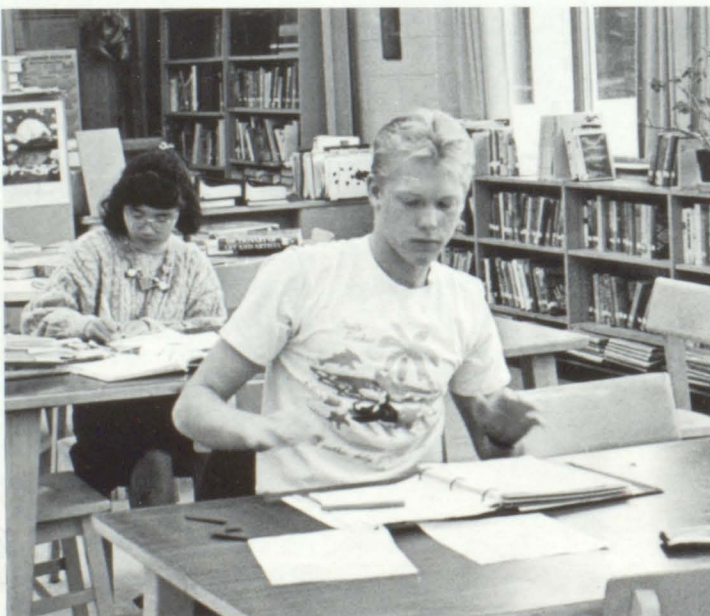

They have made a great difference in our lives this year and for always.

Senior Happenings

Should I know about this?

They get better looking every year.

This will be fun.

Another exciting Midday study!

Smile, you're on candid camera!

Who's the dude back to?

Any last words or regrets before you take the plunge?

Interesting class Janina?

What a "do!"

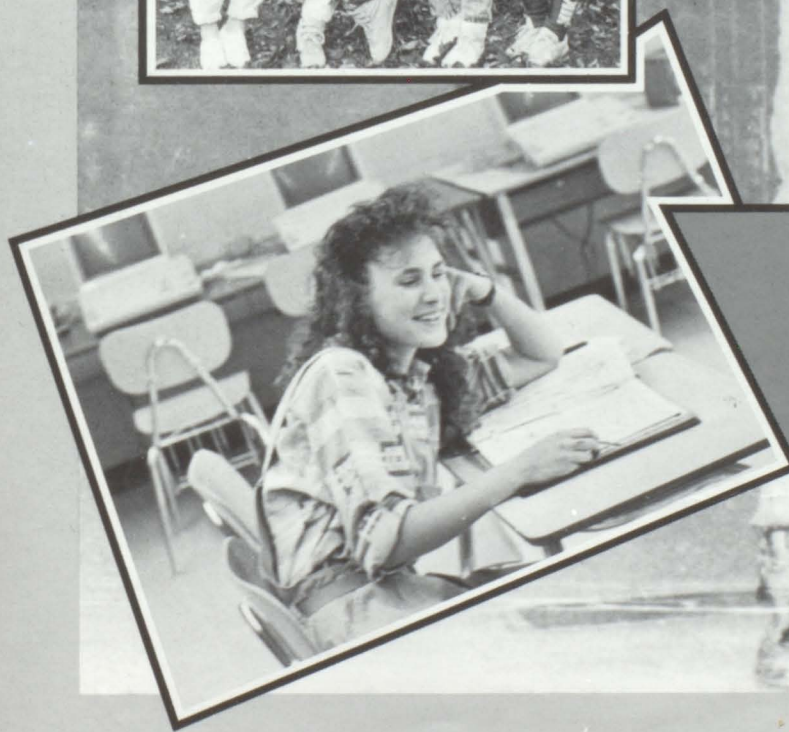

Is this a joke class or what?

NTL Conference at Gould?

Who ever thought that a group of Telstar and Gould students would spend a weekend together at NTL? NTL? Gould? Well it happened and worked out to the surprise of many. There were really two reasons for the conference at NTL: one to develop leadership skills and the other to begin breaking down stereotypical attitudes that the schools have for each other. Students involved in Student Council and other leadership organizations were invited to spend Labor Day weekend on the Gould campus. A few of the ideas that came out of this get together were to have joint classes, dances, and assemblies. Expectations are hopeful about furthering the relationship between Telstar and Gould.

Group #8 at the Conference Center

FACT

This year the Freshman Awareness Committee at Telstar (FACT) workshop was held at the Bethel Inn Conference Center during September twenty-sixth and twenty-seventh. The freshmen benefitted from wise advice given by Sister Teresa (Jenn Wilson), Doctor Sex (Chris Buckingham), John Doe (Nathan Brown), and Bif Humperdink III (Brant Remington). John Jenkins and Pixie Williams also contributed to the workshop, covering various topics from self-esteem to sexuality. The events of the two days were finished off with a skit demonstrating the evils of snobbery, drunk driving and stealing.

Senior Perspective

First day back and we've finally made it!!! We're seniors!!! I can't believe it after seventeen long years.

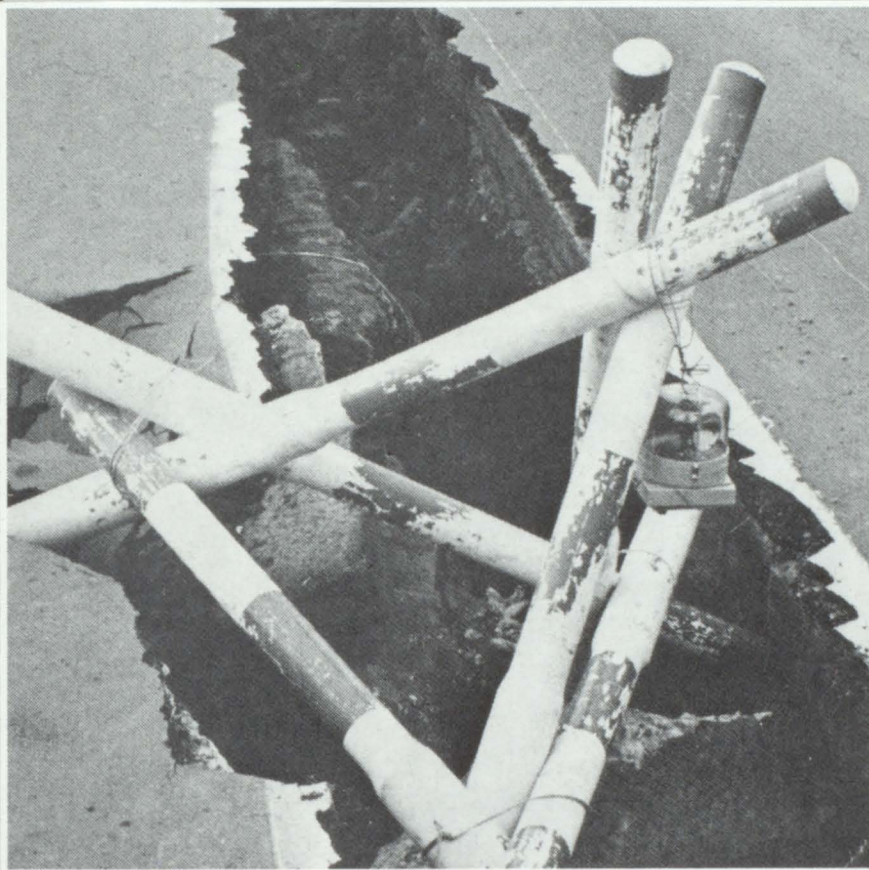

5 Exchange Students at Telstar?

This year at Telstar High School we have five exchange students joining the senior class. This is the first time in recent memory that so many exchange students are here at Telstar.

The contributions of these individuals to sports and academics will bring different aspects in to our senior year. This year Mariko and Satoko from Japan, Jordi and Carlos from Spain, and Gregor from Germany will join the class of 1989.

OCTOBER

EARTHQUAKE HITS TELSTAR

"It was like, the earth didn't open up or anything." — a concerned student

On October 21, 1988 at 9:10, many students waited anxiously for the school walls to crumble down around them.

That's right folks, an earthquake rumbled through our school. Everyone had their own "earthquake" story to tell.

One student thought the rather large boy behind her was kicking her chair. While others speculated that major construction was taking place at the church across the street. Many said there was an overabundance of people running in the gym.

That's it folks — Nostradamus

was wrong, it's Maine that is going to fall into the ocean, not California. Real Estate tip — buy land in New Hampshire. It's soon to be shore frontage.

Bush Victorious

George Bush will be the next president if student's at Telstar Regional High School are representatives of the nation's voters. His victory at Telstar is attributed to his stand on fire-arms and a whole bunch of posters. Students had to be bodily forced to vote; not a lot of the students registered. Vice-president Bush received sixty-eight percent of the students' votes to Governor Michael Dukakis' thirty-two percent. One hundred eighty-five students voted in the mock presidential election. Students also supported the re-election of Senator George Mitchell and Representative Olympia Snow. Voter turnout was what was expected of the average Telstar student who didn't want to give up their break in the bathroom. Most didn't even know who was running. At the local level students favored Gary Bickford for District 8 Senator, Jeffery Mills for District 49 State Representative, and Norman Fergusson, Jr. for District 1 County Commissioner. The closest races were Gary Bickford's one hundred to ninety-three victory over incumbent State Senator Edgar Erwin and Norman Fergusson's ninety-seven to eighty-five win over Virginia Kelly for County Commissioner.

Senior Perspective

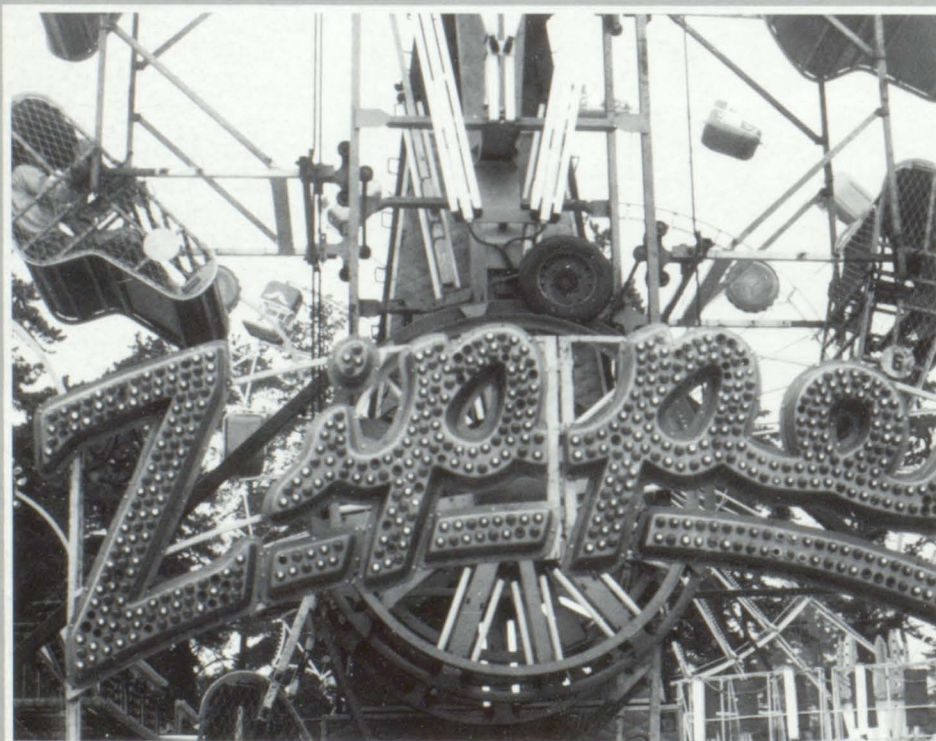

Man — We've been here one boring month. Nine more to go. Already it seems like forever. Senioritis has set in. Homework, who needs it? God, I feel like quitting.

Fryeburg Fair

The next step up from the Ferris Wheel; The SkyDiver!

The Fryburg Fair is the largest fair in Maine and because of its close proximity to Telstar most of the school population attended at sometime during the week. Thanks to a teacher's workshop on Monday, students were free to attend the fair without missing classes, although this wasn't a large concern.

The question is: Who's in front of the admission booth while school is in session? Next question: Who's taking the picture?

A ride guaranteed to make your stomach turn and your head spin!

Something for Everyone!

The Fair

Walking through the fair ground I see many different sights.

Fast moving rides and bright, pretty lights.

I see many faces in the crowd bearing multiple expressions and laughing right out loud.

I see the games that people are playing and I listen to what the people are saying:

"Oh what fun I have at the fair. Too bad it isn't always here."

Audrey Thibodeau

November

Field Trip

This month two separate groups of seniors traveled to Boston. One group went with Mrs. Taylor and Miss Hembree while Mrs. LaValle took the rest. The students enjoyed many museums varying from The Museum of Science with its hands on idea of education to The Museum of Modern Art. One group also visited the Aquarium and had lunch in the famous Quincy Market. Many seniors also enjoyed another field trip. This one was to Hammond Castle in Gloucester, Mass. The tour included a demonstration of arms and armor of the middle ages and the playing of the castle's pipe organ. Thanks to our German exchange student, Mariko from Japan was persuaded to play for us. Selecting a piece from the works of Bach, she amazed many with her talent. Despite the early hours of departure, everyone had a good time.

Senior Perspective

Okay. Thanks for letting us have four day weeks the entire month; that was fun. Now how about some stormdays — soon!

Teacher of the Year

This year's Teacher of the Year Award went to Mr. Abbott. He has been teaching at Telstar for the past twenty six years.

He feels that one of the most rewarding things about teaching is watching the kids grow. "I like to see kids have good self-esteem," Abbott says that he likes it when the kids keep in touch with him after they leave Telstar.

He first decided to become a teacher because he was so influenced by some of his teachers, he wanted to do the same. Some of his most memorable teaching moments are when he can help a student overcome a difficult task or reach a goal.

"Teacher of the Year" to Mr. Abbott is very important to him. According to him it's "recognition as a teacher, not a popularity contest."

December

Ho, Ho, Ho, There is no snow!

There has been a grave lack of snow so far this winter. Temperatures have been warm and we have seen more rain than snow. For a school where many people ski, this is very upsetting. Luckily, the ski ways near by, Sunday River and Mt. Abraham, produce their own snow. If you can stand the out of staters the skiing isn't actually that bad. The lack of snow does help those who like to ice skate. The ice is almost always clear and the rain and cold temps keep the ice in good condition.

Pep Rally?

Are pep rallies a good idea? We had one this past month for winter sports. Besides the acknowledgement of the winter teams there were Christmas carols performed by the school band. Mr. Abbott's Public Issues class conducted a survey to see how students felt about pep rallies. They found that the students surveyed felt that we should have more pep rallies or do away with the ones we have. The students reasoned that the pep rallies we have now are too far apart to maintain school spirit. They suggested having them more often or replacing them with another solution.

Holly Fair

The Holly Fair this month was a great success. The Holly Fair is a day for many school and community groups to come together for a combined fund raiser. Each group peddles their wares, such as food, decorations, arts and crafts etc. A community member was also on hand this year to give sleigh rides.

The Fair is organized and set

up by both the combined middle school and high school band members. It is under the direction of Harry Davis.

Some of the groups that chose to take advantage of this year's fair were: student council, band, F.B.L.A., the Freshman and sophomore classes as well as many other community members.

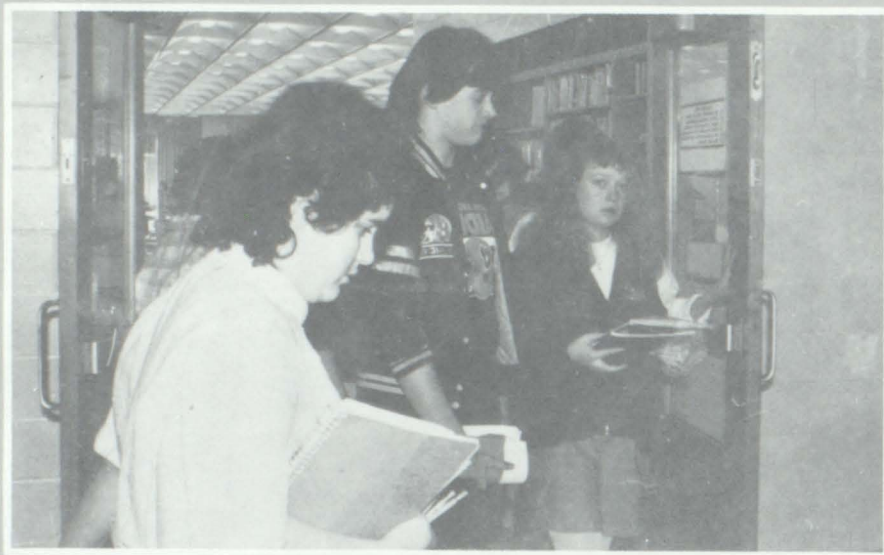

WINTER

Senior Perspective

Our Year is almost here,
1989

January

Mid Years?

Unfortunately for all of us, mid-year exams occurred this month. For two long days we were tested on stuff we learned two months ago. If only there was a way that one could escape them. Maybe if we redesigned the school and made the teachers take mid-years written by us students, without open campus, and just see how much fun it is. Then they'd know why we look so forward to graduating.

Fact Follow Up!!

The F.A.C.T. team held a follow-up workshop for the freshman class on January 27. The workshop was again held at the Bethel Inn's Conference Center. The topics discussed varied from a presentation by the teachers on stereotypes and peer pressure to Senior reflections on their past four years. Hopefully the Seniors provided incentive for the freshmen to get the most out of their three

remaining years. A special speaker was comedian, Bill Wood. Mr. Wood had not been able to attend the fall workshop, as he has done for the four previous years, but luckily he was able to put in an appearance at this workshop. School was cancelled early that afternoon because of a bad storm, causing the freshmen to miss afternoon classes also.

Senior Perspective

Mid Year, Half gone —
One Half to go ... then
graduation!

February

Winter Carnival

This year's Winter Carnival featured many exciting events. Throughout the week each class earned points by doing such things as wearing shades and dressing up. A talent show also generated much interest, with each class entering acts including dinosaurs, singing, and comedy routines. During the last day of the week, both indoor and outdoor activities were held. In the morning volleyball, floor hockey, obstacle course, and arm wrestling captured the attention of the student body while in the afternoon videos were shown in the cafeteria and tobaggoning and tug-of-war outside. The results of the week were as follows: Seniors 1st, Juniors 2nd, Sophmores 3rd, and Freshmen 4th. The Winter Carnival Prom was also a great success. Alison Chapman and John Eliot were elected king and queen.

Counselor's Week

This month also contained National Counselor's Week. Special activities included a time out room for the teachers with donuts and coffee and an ice cream sale for the students. The

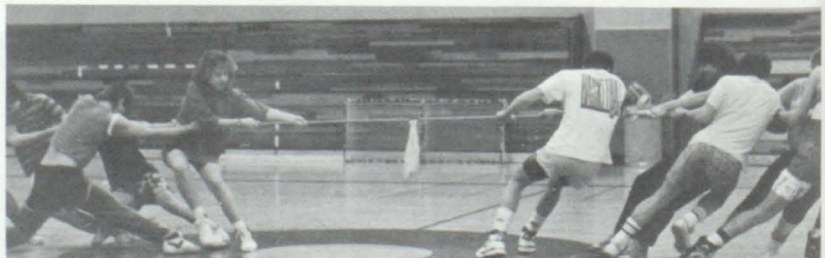

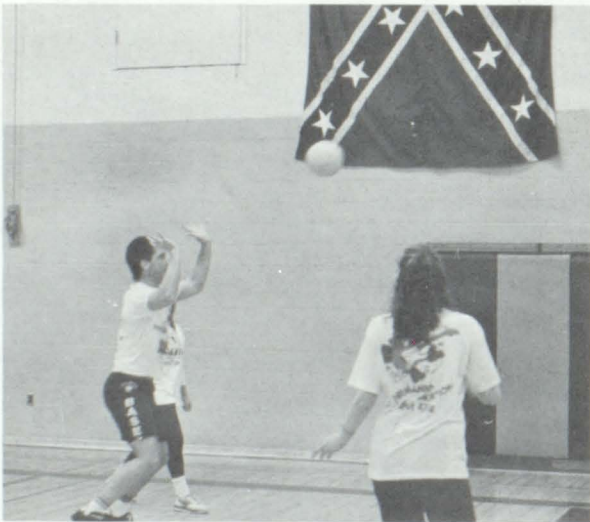

ice cream, normally a dollar, was 25 cents to anyone wearing a heart, otherwise 50 cents. This was sponsored by National Honor Society.

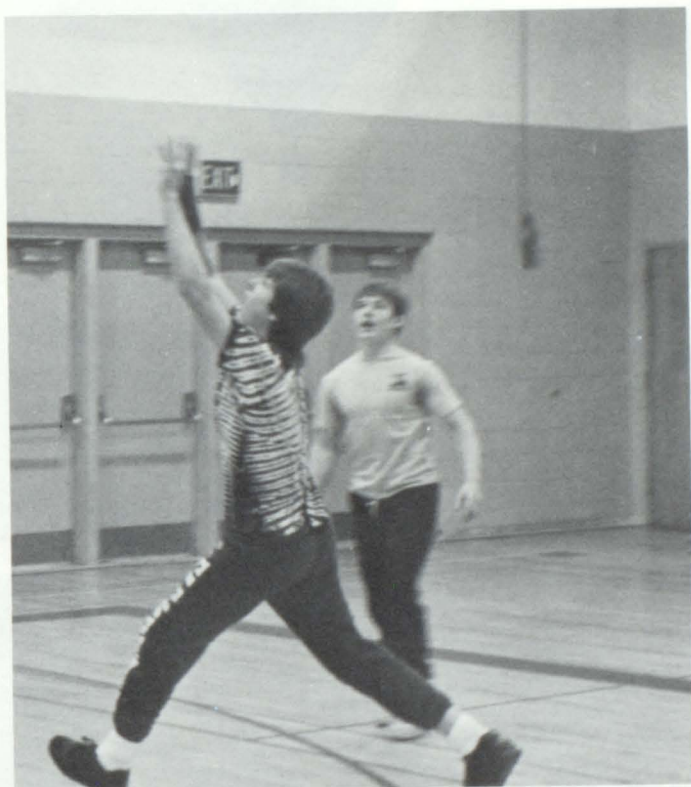

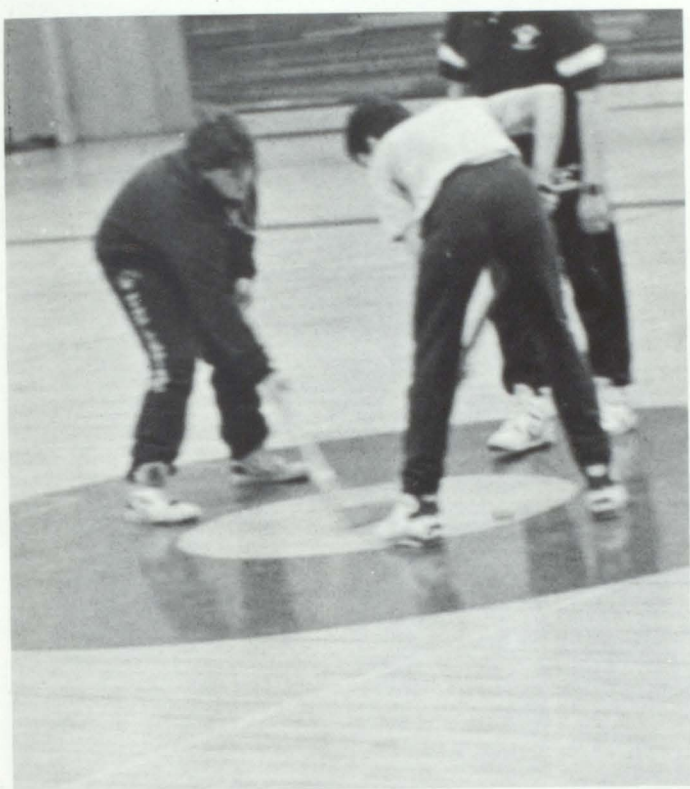

Senior Perspective

We finally got first place!

Lift Off!

Senior Perspective

There is only one thing
wrong with Career week
— you don't get paid.

Career Week

Career week this year is from March Thirteenth to the Seventeenth. Career week entails the juniors and seniors travelling to the job sites that they would like to work at once they have graduated. This gives them the chance to experience what it is like to be involved with the work force and become more acquainted with the career of their choice.

Career week is also an alternative way to educate the students without actually sitting in the classroom with textbooks listening to the teacher talk. The students can draw more satisfaction and learn more from hands on work.

Outward Bound

This month the sophomores participated in Outward Bound. For four grueling days most students will put themselves through an exhausting struggle, snowshoeing up to five miles per day. While on this course students learn independence and self-reliance. Although they come back tired the sophomores feel the effort worthwhile. For those who do not participate in Outward Bound, Inward Bound is offered. Here the students learn First Aid, mapmaking, and compass reading along with many other survival skills.

Drama

THURSDAY--MARCH 2ND
7:00 P.M.

What Happens in April Anyway?

April is a month of many events. With the beginning of the month also comes the beginning of spring. The track, softball and baseball seasons are fully under way by now, and the rebels are, of course, way ahead of the rest of the teams in the MVC'S. The grass is green and the javelins are flying through the air. The Easter Bunny is on his way and in danger of being hit in the head by a run-away discus.

Of course with April there also comes the wonderful spring break that we all look so forward to. The week will be spent in many different ways. Some guys of course will sit in front of the T.V. and watch the M.T.V. spring break special. This is when they cover all of the college girls in bikinis down on the beach in Fort Lauderdale. The

April

Senior Perspective

To you Seniors who haven't caught Senioritis — What's the problem?

athletic girls however may draw great satisfaction from sitting in the lodge at Sunday River and watching the cool spring skiers in their jams trying to ski on the remnants of snow.

From the Seniors point of view there are only two months left until graduation and with the outbreak of spring the deadly disease senioritis sets in, if it hasn't already been caught.

In all, April is a busy month for those students who choose to get involved in one way or another.

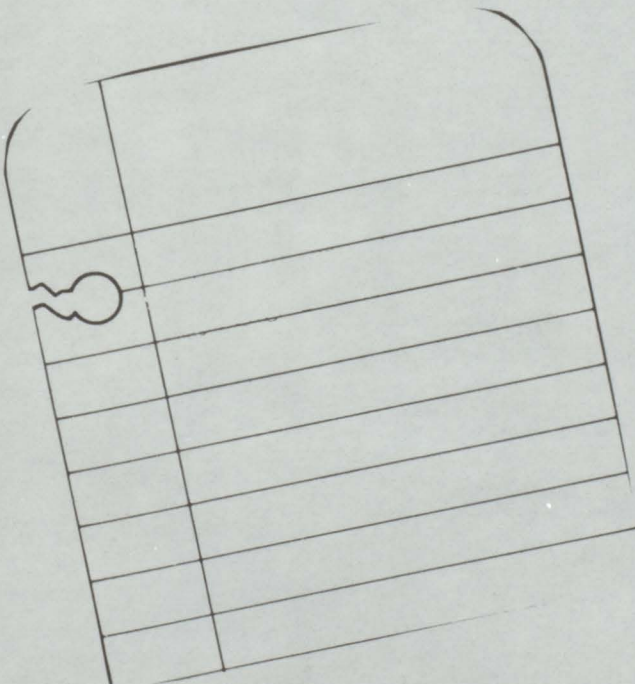

May

O.S.L.C.

The 1988-89 Outdoor Skills Leadership Challenge (O.S.L.C.) course has a total of forty students enrolled in three separate sections. This year all three groups are doing very well as the members of each group are enthusiastic about the course. We have experienced a low/high ropes course and a basic rock climb at the Outward Bound School in Newry. We participated in a three-day camping/map and compass program at Chewonki Foundation in Wiscasset. All students will go through an Advanced First Aid section of the

course and finish off their year participating in a whitewater canoe course and go on a three-day canoe trip. This course is a great opportunity for students to learn about themselves, build group unity, learn about other students, learn useful outdoor skills, gain valuable life skills, and receive certification in First Aid as well as a Whitewater canoeing challenge yourself!

Sports

Soccer

The Telstar Varsity soccer team had a very successful season this year. They went to the MVC'S and took home the trophy. They had three very talented ex-

change students on the team to aid their efforts at winning; Gregor Axler, Jordi Felio de la Pena and Carlos Aizpun. Captains Jim Merrill and Tommy James also

added great support to their team and helped them through their winning season.

The Coach

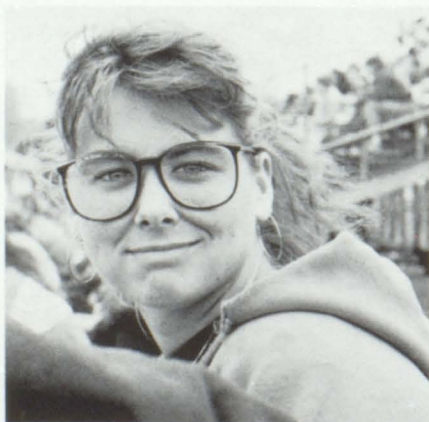

Scott Emery, Gregor Axler, John Eliot, Jim Merrill, Tom James, Thad Wheeler, Gary Williamson, Teague Berry, Kristen Powell, Nathan Brown, Brant Remington, Jamie Blake, Chris Buckingham, Eric Bennett, Carlos Aizpun, Nate Buckman, Patrick Harrington, Jeff Bailey, Greg Corrin, Matt O'Meara, Jordi, Bruce Korhonen, Scott Higgins, Kirke Haskell, Matt Bean, Stan Moore, Mike Conkrite, Rick Roy, Tim Chapman, Nathan Bean, Bobby Hand, Coaches Remington, Raymond.

J. V. Field Hockey

Jennifer Bailey, Heather Roberts, Lynne Buckingham, Shilo Hutchins, Amy Hannon, Crystal Chase, Sarah Hebert, Michelle Powell, Molly Gray, Sheri Nichols, Amy Brindley, Robin Michaud, Bridgett Remington, Bernadette Mills, Michelle Inman

Field Hockey

THS Field Hockey (JV)

This season was a very successful season for the JR. varsity field hockey team. We were victorious in twelve out of fourteen games.

The underclassmen really showed what team work is all about! Many thanks to those of you who made a commitment to the sport and followed through on it!

Sincerely,
Coach Hutchins

THS Field Hockey (V)

We had an exciting year ending with an 8-8-0 record.

Our seniors and juniors really pushed themselves to the limit! The sophomores and freshmen, high in numbers this year, put in a lot of varsity playing time and

proved they could get the job done!

We wish the seniors much luck. We will miss you! The rest of us will be here working on our goals. Many thanks to our loyal fans. See you next season.

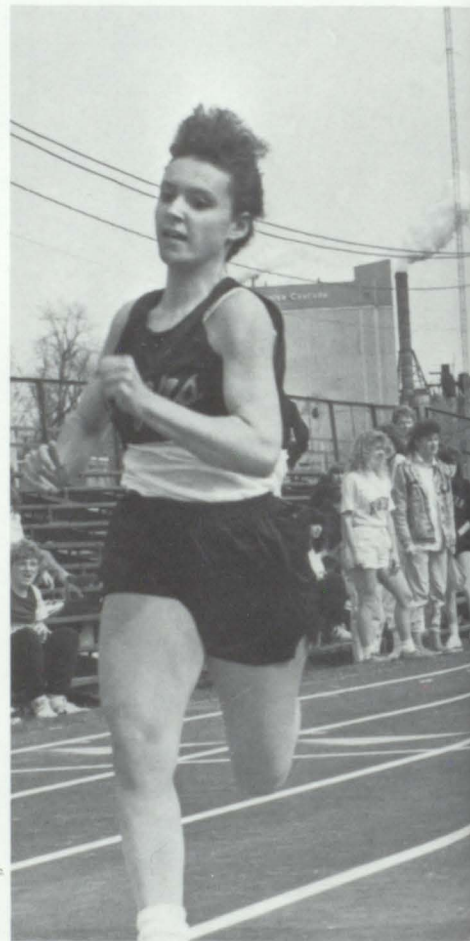

Coach Wight

Varsity Field Hockey

Alison Chapman, Alison Davis, Vanessa Cooper, Janina Remington, Kris Delano, Mary-Beth Hannon, Kristy Clements, Angie Jordan, Jen Gould, Angie Hebert, Cindy Fifield, Amy Laban, Shannan Tyler, Nancy Carter, Rachel Bonney

Cross-Country

The 1988 X-country season was successful from both the point of view of numbers and performance. Fourteen girls and thirteen boys started the season. Nineteen of the 27 earned their letters. The girls' overall record was 4-7; the boys' was 7-15. Brenda Taylor set a new school record of 22:43, while Nathan Miserocchi set the boy's record at 18:23. Keely Hayes capped a successful individual season by qualifying for the state meet, where she placed 41st.

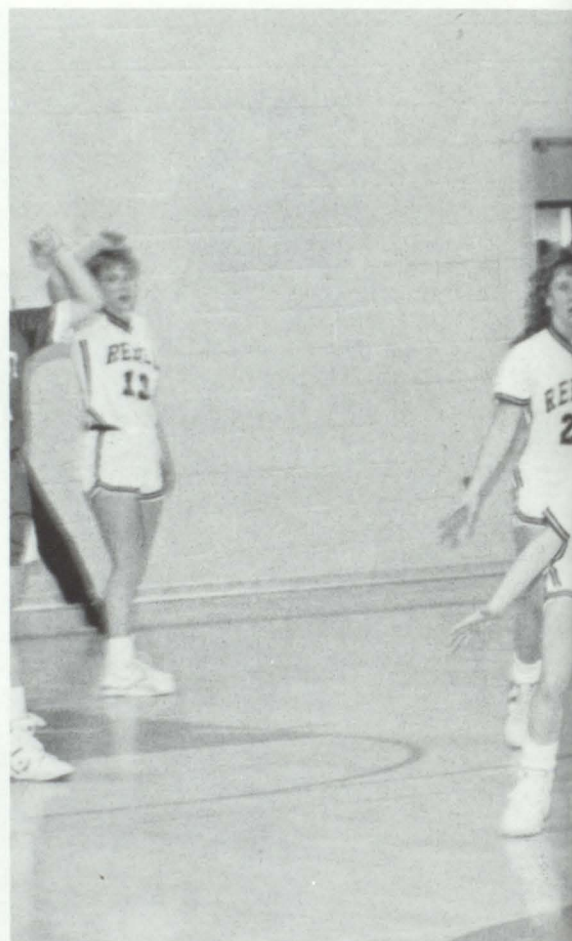

Track

Boy's Basketball

On their way to compiling a 3-15 record for the 1988-89 season the Telstar Girl's had fun earning Star Bursts for their foul shooting, stopping at McDonalds for mid-evening snacks and learning about responsibility and commitment. The leading scorer for the season was Kristen Cushman, who averaged 10.3 points per game. She

was closely followed by Brenda Taylor who averaged 8.2 points per game. The Rebels should have a strong season next year as they will only lose two players to graduation: senior co-captains Brenda and Buffi Taylor. They surely will be missed with their outstanding hustle and "never say die" attitude.

Girl's Basketball

Alpine

The boys came through a rough season with an overall seventh place in the State Meet. The seniors, Jeff Lyons, Thad Wheeler, George Hayes, Larin Corrin, Mike O'Meara, Gregor Axler, Carlos Aizpun, and Jordi Feliu de la Pena will certainly be

missed next year. They leave the team to two sophomores, Patrick Harrington and Matt Cummings with hopes that they can recruit next year's freshmen.

The girls were quite successful and pulled off a

strong fourth place finish. Constantly skiing well for the team were Stephanie Percival, Kelly Hayes, Shannon Tyler, and Becky Whitter. All will return next year in hopes of capturing first place at the State Meet.

Alpine

Nordic

This year's girl's Ski Team proved a surprise. No one expected them to pull off second place State X-C title, but they did. They were led by four year veteran Paula Michaud, who placed second in the individual race. She was followed by top ten finishers Kristen Powell and two very strong looking freshmen,

Shilo Huchins and Crystal Chase. Big improvements were made by Angie Applin and Haley Blake. Next year's team looks very promising.

The boy's team skied third in the State meet, behind Nathan Miserocchi's fourth placed finish. He was followed by seniors Brant Remington, Jamie Blake

and Nathan Bean. Two sophomores showed potential at the State meet by finishing very well. They were Scott Emery and Bruce Korhonen. Next year's team could be interesting with the loss of the seniors, but they will have the guidance of Miserocchi.

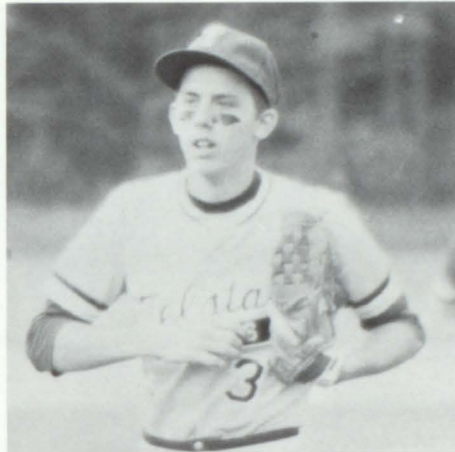

Nordic

Baseball

The 1988 baseball season had an extremely successful season this year with a team record of 15-5. We were MVC champions and Western Maine champions. We finished the season as State Class C runner-up.

Baseball

Softball

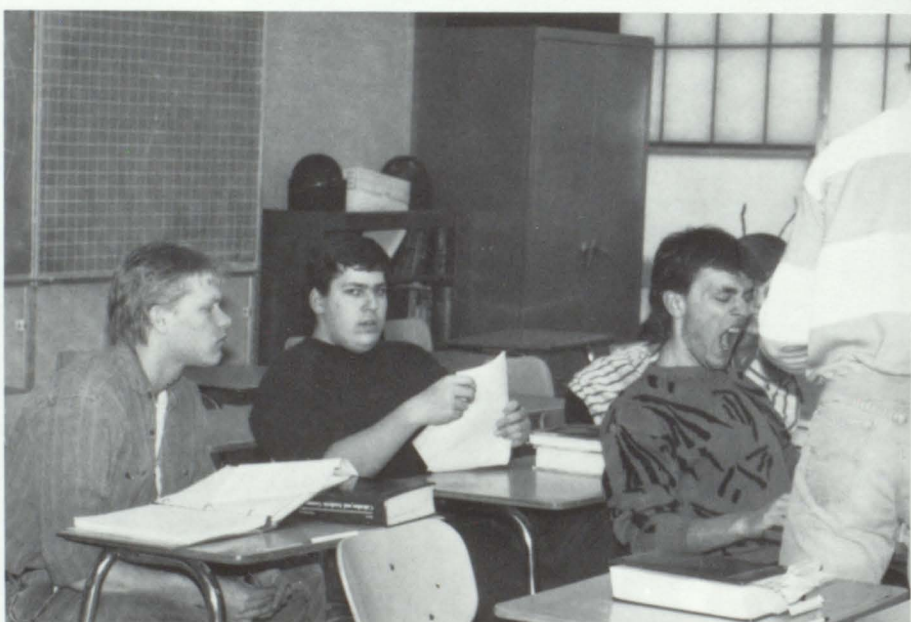

The Telstar softball team enjoyed one of its finest seasons ever. They finished second in the MVC with a 14-2 record and second in the Heal Point standings to eventual state champion Traipe Academy. The team was led by five seniors. Heidi Belanger set the standard for Telstar pitchers winning 25 or more games in her junior and se-

nior years. Mindy Robinson shattered all offensive records at school, and she was also a 4-year starter. Both Heidi and Mindy were MVC All-Stars and All-State selections. Nancy Miller at shortstop, a three year starter, Mary Hutchinson at third base, and Missy Johnson as catcher gave Telstar its strong nucleus of seniors.

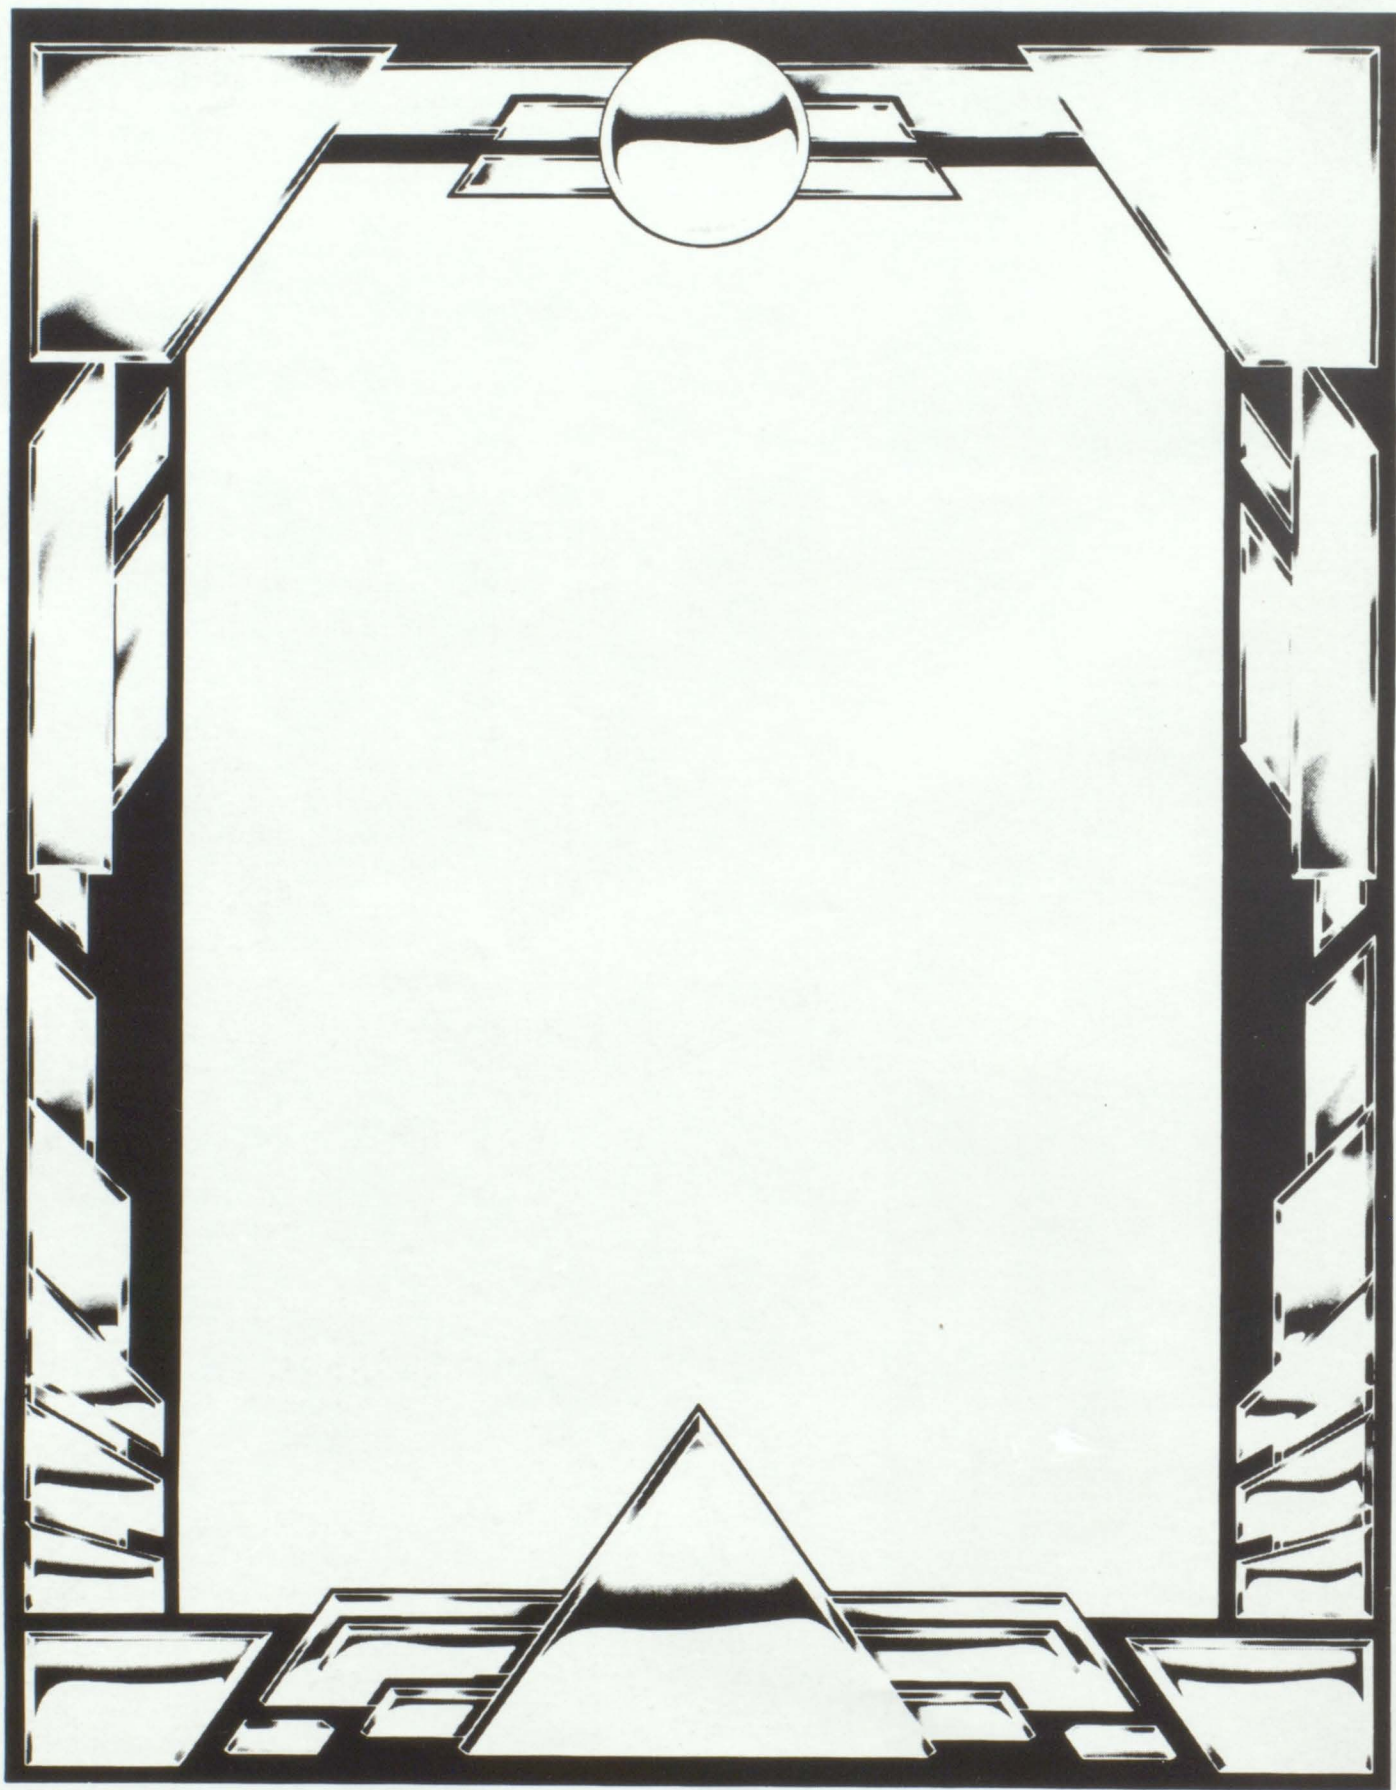

Juniors Kelly Bartlett, Buffi Taylor, and Brenda Taylor along with sophomore Angie Jordan were the only other starters. Kelly and Buffi were MVC all-stars and Buffi was an All-state selection. Amy Brindley, Mary Beth Hannon, Vicki Hutchins, Kris Delano, Lynn Buckingham, and Angie Hebert rounded out the Telstar team.
